**\*\*\* ATTENTION ALL RESIDENT TRIBAL MEMBERS \*\*\***

The Department of Commerce has just received notice from the State of Michigan's Department of Treasury that the '2015 MICHIGAN Resident Tribal Member Annual Sales Tax Credit' **FILLABLE PDF form 4013** that was sent out to the tribes in Michigan has an error on it...I repeat, **only the FILLABLE PDF version**. Since LTBB only sends out a paper version, there should NOT be any issues with processing; all paper copies are fine. It is believed that the e-file software programs have NOT experienced any issues with it, such as: Turbo Tax, Tax Slayer, H&R Block, etc. If you have any questions regarding this notice, please feel free to contact the LTBB Department of Commerce, or the number listed on the Tribal 4013 Form Instructions page. Here is the notice received from the SOM:

Hello All,

It has been brought to our attention that our Form 4013 we sent out on January 6<sup>th</sup> had an issue with Line 6 (AGI) auto-populating down to Line 16 (# of months in the AA) and vice versa. Our Forms Division has corrected this and I am resending. Sorry for any inconvenience this may have caused in filling out the form. We don't believe any of the e-file software programs experienced issues with this, just the fillable PDF version.

Please let me know if you have any questions or concerns.

Thank you,  
Angela
