WOCTEP Heath Advisor at 231-242-1493

*WOCTEP is made possible through a US Department of Education NACTEP grant. Federal funds provide 83% (\$386,424) of project costs. Non-federal funds provide 17%, (\$77,579) of total project costs. Total costs to operate WOCTEP are \$464,003.*

### **AH 154 CERTIFIED NURSE AIDE TRAINING**

Prepares students for work as a Certified Nurse's Aide. Course includes academic instruction, hands on practice in the laboratory setting, and clinical instruction in a long term care facility. Upon successful completion of the course, students are eligible to take the certified nurse aide examination in the state of Michigan. Students will be required to meet immunization standards of the clinical facilities and will be subject to a criminal background check prior to being able to participate in clinical instruction.

### **COM 170 INTERPERSONAL COMMUNICATION**

This course is designed to explore and develop an individual's communication skills within the context of interpersonal relationships, small groups and society as a whole. Over the course of the semester, a variety of educational approaches may be used including writing, speaking, collaborative and independent learning, role playing, independent research and written reports.

### **ENG 111 ENGLISH COMPOSITION I**

This course emphasizes language skills, particularly essay writing, but also reading, speaking and listening. Reading and writing are explored in the general categories of description, narration, exposition, argumentation, and writing on demand. Students enrolling in ENG 111 should have a basic mastery of fundamental writing skills. Successful completion of the course is dependent upon a final portfolio assessment that will be anonymously evaluated by English Department faculty.

**PREREQUISITE(S):** COMPASS score of 63 or higher, or ACT score of at least 18.

### **OAS 116 MEDICAL TERMINOLOGY**

This course is designed to develop a basic understanding of the spelling, meaning and pronunciation of commonly used prefixes, suffixes, and root words, and their combining forms used in all fields of allied health professions.

### **PSY 161 INTRODUCTION TO PSYCHOLOGY**

This course will introduce students to the scientific study of thought, behavior, and emotion in humans and animals. Emphasis will be placed on (but not limited to) the study of personality, learning, memory, intelligence, gender and sexuality, social interaction, group processes, motivation, emotion, and sociocultural factors in both a current and historical perspective. Basic concepts and principles of psychology will be examined with a comprehensive focus on research methodology and the biological basis of behavior.

or

### **SOC 171 INTRODUCTION TO SOCIOLOGY**

This course is an introduction to the scientific study of society, examining modern Western societies in terms of social processes, organizations, institutions and problems. Topics covered include: the sociological perspective, socialization and culture, social networks, group dynamics, social deviance, social stratification, sex and gender inequality, race and age inequality and collective behavior.

### **SOC 115 ANISHINAABEK CULTURE**

An introduction to the Anishinaabek people. Topics covered will include the origin, culture, tradition and language of the Anishinaabek people. This course will also cover both historical and current Native issues as related to medical/health and enterprise/business topics.
