TAIMI LYNNE HOAG  
NATURAL AREA

*Taimi Lynne Hoag was a devoted mother of three and her passion for life was obvious to everyone who had the pleasure of meeting her. As a citizen of the Little Traverse Bay Bands of Odawa Indians and the Director of Environmental Services, her persistent attitude and strong work ethic gave her the ability to accomplish duties seen as unreachable. Taimi's active involvement in Tribal issues, and her will to teach and educate motivates us to continue to do the same.*

*Let her hard work and dedication to all environmental issues and the well being of our "Mother Earth" be an example to all.*
